SECTION C DESCRIPTIONS AND SPECIFICATIONS

1.0 Scope.

The scope of this effort is to provide program management, instructional services, administrative services, subject matter expert (SME) services, editorial services, multimedia expertise, instructional technology, engineering services and student support services for the Marine Corps College of Distance Education and Training (CDET) Distance Professional Military Education (DPME) programs. The Officer PME (OPME) and Enlisted PME (EPME) network consists of eight (8) regional campuses and Headquarters CDET at Quantico, VA (see Appendix C for a map of the regional areas). Additionally, the scope of this effort is to provide cultural/language support, SME, management and administrative services for the Marine Corps University's Center for Advanced Operational Culture Learning (CAOCL) and to sustain and modernize the training range infrastructure, through centralized management for Training and Education Command's (TECOM) Range and Training Area Management (RTAM) Branch.

1.1 Background.

The Marine Corps TECOM, Training and Education Capabilities Division (TECD), CDET is located at Marine Corps Base (MCB) Quantico, VA. The CDET mission is to design, develop, deliver, evaluate, manage, and resource distance learning products and programs across the training and education continuum, in order to increase operational readiness. The CDET has the responsibility to develop and deliver Career/Service Level School, Intermediate/Joint Level School and Professional Military Education (PME) to eligible Marines. The CDET accomplishes its Officer PME (OPME) mission by delivering the Command & Staff College (CSC) Distance Education Program (DEP) (CSCDEP) and the Expeditionary Warfare School (EWS) Distance Education Program (EWSDEP), through online, onsite, or blended-learning seminars that are instructor-led, to over 6,000 students. To facilitate consistency in delivery and to ensure quality of instruction, CDET has established eight (8) regional offices, each managed by a Government Regional Coordinator (RC). Each RC is responsible for managing their office and providing educational support to the students in their region. RCs will coordinate with the base and stations within their region for the classroom facilities to conduct the seminars. CDET OPME students participate in onsite, online or in blended seminars using the CDET Learning Support System (LSS). The current CDET LSS is Blackboard; but, if CDET changes the LSS, CDET would use a system with similar capabilities. The delivery method for CDET's Enlisted Professional Military Education (EPME) Distance Education Program (EPMEDEP) is primarily through Interactive Multimedia Instruction (IMI) delivered via the Marine Corps Distance Learning Network (MarineNet) to over 80,000 enlisted Marines. These courses include Leading Marines for Lance Corporals, Corporal's Course, Sergeant's Course, Staff Noncommissioned Officer (SNCO) Career Course for Staff Sergeants and the SNCO Advanced Course for Gunnery Sergeants. The Enlisted Career Course (ECC) Distance Education Program (ECCDEP) for Staff Sergeants employs a combination of IMI and onsite and online seminars.

The Marine Corps has charged CAOCL to be the Marine Corps' organization responsible for institutionalizing and managing the service level implementation of the Marine Corps' operational culture training and operational language-familiarization training programs. As the Marine Corps' Culture and Language Center of Excellence, CAOCL ensures Marines are equipped with operationally relevant regional, culture and language knowledge to allow them to plan and operate successfully in the joint and combined expeditionary environment:

- In any region of the world,
- In current and potential operating conditions, and
- Targeting persistent and emerging threats and opportunities.

CAOCL does not teach culture for its own sake, or for a non-directed appreciation of or sensitivity towards foreign peoples. CAOCL executes operationally focused training and education in individual training, PME, and pre-deployment phases, reflecting current and likely contingencies and functions, to ensure Marines and leaders deploy a grasp of culture and indigenous dynamics for use as a force multiplier.

Combat readiness is of the utmost importance to the Marine Corps. The TECOM Range and Training Area Management (RTAM) Branch is responsible for the development and implementation of programs to sustain, upgrade and modernize Marine Corps training ranges that support the achievement and maintenance of combat readiness. The Marine Corps has embarked upon a major investment program to sustain and modernize the training range infrastructure, through centralized management, supporting Marine Corps training ranges and their associated installations.

The Government will provide the following personnel services and facilities in support of the regional offices:

- a. Adequate office and storage space for personnel, courseware and materials.
- b. A Regional Coordinator (Government employee) will manage each regional office.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 50 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

- c. Essential environmental services such as lighting, electric, heating and air conditioning.
- d. Furniture and standard telephone services.
- e. Access to MarineNet and the CDET LSS.

The Government will provide Common Access Card (CAC) cards for all contractors that require access to the Government network and restricted Public Key Infrastructure (PKI) sites.

The Government will evaluate contractor performance in accordance with the Performance Requirements Survey (PRS) at Appendix B and the evaluation standards described in the Quality Assurance Surveillance Plan (QASP).

1.2 GFE/GFI: In addition to the equipment listed in Appendix D, the Government will provide the following Government Furnished Equipment/Government Furnished Information (GFE/GFI) to the contractor:

1.2.1 GFI Provided with RFP:

- a. CDET course curriculum for all courses (Fact books).
- b. CDET course development schedules.
- c. MarineNet technical requirements.
- d. Marine Corps University (MCU) Program Learning Outcomes.
- e. Marine Corps Order (MCO) 3570.1C, Range Safety.
- f. MCO 3550.10, Ch 1, Policies and Procedures for Range and Training Area Management.
- g. MCO 3550.9, Range Certification and Recertification Program.
- h. MCO 3550.12, Operational Range Clearance Program.

1.2.2 GFI Provided After Contract Award:

- a. All courseware and grading rubrics for the CSCDEP, EWSDEP and EPMEDEP curricula.
- b. CDET instructor evaluation standards.
- c. CDET Faculty Development tools.
- d. International Military Support Officer (IMSO) Directives.
- e. Blended Seminar Program Scheme of Maneuver.
- f. Marine Corps Curriculum Developer's Course curriculum.
- g. Marine Corps Formal Schools Instructor Course curriculum.
- h. Marine Component Operational Plan/Contingency Plan.
- i. Theater Security Cooperation objectives.
- j. CAOCL Policy Letter 001-12, Research Integrity Policy.

2.0 General Support Requirements.

The contractor shall deliver all contract deliverables to the Contracting Officer's Representative (COR) who is responsible for tracking and acceptance.

Contractor employees shall identify themselves as contractor personnel by introducing themselves or the Government introducing them as contractor personnel and by displaying distinguishing badges or other visible identification for meetings with Government personnel. In addition, contractor personnel shall appropriately identify themselves as contractor employees in telephone conversations and in formal and informal written correspondence.

The contractor shall report ALL contractor labor hours (including Subcontractor labor hours) required for performance of services provided under this contract via a secure data collection site. The contractor shall fill in all required data fields completely using the following web address: <https://doncmra.nmci.navy.mil>.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 51 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs October 1 through September 30. While the contractor may report inputs any time during the FY, all data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk, linked at <https://doncmra.nmci.navy.mil>.

2.0.1 Post Award Conference.

Within 30 days of the start of performance, the awardee shall organize a Post Award Conference to be attended by the Contracting Officer, COR and contractor personnel to review performance requirements including: detailed WBS, 30-day staffing plan, use of team members/ subcontractors, security requirements, funding and management of funds, and quality control measures in response to the Performance Requirements Survey (PRS) at Appendix D.

2.0.2 Security Requirements:

This contract will require the contractor to have a Secret Facility Clearance and will require certain contractors to obtain and maintain classified access eligibility. The contractor shall have a valid Secret Facility Clearance prior to classified performance. The prime contractor and all sub-contractors (through the prime contractor) shall adhere to all aspects of DoD Directive 5220.22-M. All personnel identified to perform on this contract shall maintain compliance with Department of Defense, Department of the Navy, and Marine Corps Information and Personnel Security Policy to include completed background investigations (as required) prior to classified performance. This contract shall include a DoD Contract Security Classification Specification (DD Form 254) as an attachment.

The contractor shall notify the Government (written notice) within twenty-four hours of any contractor personnel added or removed from the contract that have been granted classified access, is sued a Common Access Card and/or Government building access.

The Government will issue Common Access Cards (CACs) only to those contractors supporting this contract that have been authorized by the COR. The COR will only authorize CACs for those contractors that meet current Homeland Security Presidential Directive - 12 (HSPD-12) criteria and have a definitive requirement. CACs are not issued for convenience.

The contractor shall ensure that all personnel providing services on this contract, unless specifically stated in another PWS section, possess or complete a National Agency Check with Local and Credit (NACLC) background investigation.

2.0.3 Qualifications.

In accordance with Chairman of the Joint Chiefs of Staff (CJCSI) Officer Professional Military Education Policy (OPMEP) 1800.01D, TECOM Order 1500.2 and CDET Policy Letter 9-07, the Government considers the following list of services as faculty services. The contractor shall satisfy all qualification requirements for faculty services in accordance with CJCSI OPMEP 1800.01D, TECOM Order 1500.2 and CDET Policy. The Government requires faculty services from 0730-1630, Monday through Friday, except for Adjunct Faculty services.

- a. Chief instructor faculty services
- b. Teaching faculty services
- c. Adjunct faculty services
- d. DPME Subject Matter Expert (SME) services

2.1 Regional Office and Facilities Support Services.

2.1.1 Contractor Support Locations. The contractor shall provide chief instructor faculty services, teaching faculty (instructor) services, Adjunct Faculty (AF) services, administrative services and logistic support services for each established regional office at the following locations:

- a. MCB Camp Lejeune, NC.
- b. Marine Aviation Training Support Group (MATSG) -21 Pensacola, FL.
- c. Marine Corps Air Station (MCAS) Miramar, CA.
- d. MCB Camp Pendleton, CA.
- e. Joint Reserve Base (JRB) Ft Worth, TX.
- f. MCB Kaneohe Bay, HA.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 52 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

g. MCB Camp Butler, Okinawa.

h. MCB Quantico, VA.

2.1.2 Regional Office Services. The contractor shall perform regional office services by providing office consumables such as paper, pens, pencils, printer cartridges, binders, folders, pads, posted notes, tape, envelopes, paper clips, staplers & staples, general cleaning supplies and courseware shipping materials for contractor personnel.

2.2 Personnel and Administrative Services. The contractor shall provide faculty biographies (Contract Data Requirements List (CDRL B001, CDET Faculty Biographies) containing information on related academic and military experience and a 3" x 2" colored picture for all contractors providing faculty services. The contractor shall provide photos of faculty wearing appropriate civilian (business professional) attire. The contractor shall provide the following services at each of the regional campuses:

2.2.1 Chief Instructor Services. The contractor shall provide chief instructor services for each of the eight (8) Regional offices listed in paragraphs 2.2.2.1 through 2.2.2.8 below.

- a. The contractor shall submit qualified AF biographies to the CDET Dean of Academics for verification of qualifications.
- b. The contractor shall meet the CDET instructor evaluation standards for its onsite and online seminars.
- c. The contractor shall teach courses in respective programs per section 2.3.
- d. The contractor shall conduct faculty development (FD) (to include instructional methods) with AF in each region, using CDET FD tools and in conjunction with the CDET FD program.
- e. The contractor shall monitor respective AF during Faculty Orientation 101 training to ensure completion of the course and to determine AF strengths and weaknesses.
- f. The contractor shall interact routinely with CDET associate deans and course directors to maintain content currency and to assist with AF questions.
- g. The contractor shall monitor, with the RC, Institutional Research (IR) data and reports for region.
- h. The contractor shall evaluate student and AF end-of-course feedback and provide RC and associate deans' electronic feedback and recommendations.
- i. The contractor shall monitor AF grading and ensure grading compliance with CDET Policy 9-07, grading rubrics and ensure the reporting of all grades within the CDET LSS within 10 days of course completion.
- j. The contractor, working with the RC, shall ensure AF closes out completed courses in accordance with CDET policy.
- k. The contractor shall, ensure that students and faculty complete End Of Course (EOC) surveys via the LSS at the end of each seminar course.
- l. The contractor shall make a minimum of two (2) visits per year, on a semi-annual basis, to remote locations within the regions that have AF-led seminars.
- m. The contractor shall deliver feedback to the RC and CDET Dean of Academics on AF performance, per CDET faculty evaluation criteria. (CDRL B002, CDET Adjunct Faculty Feedback)
- n. The contractor shall provide AF with no more than six (6) hours of local FD per AY.
- o. The contractor shall ensure LSS enrollment of eligible faculty and students into courses and provide faculty and students limited basic LSS support.
- p. The contractor shall grade essay exams for the 8660 EWSDEP using CDET grading rubrics standards.

2.2.2 Chief Instructor Services Locations & Programs:

2.2.2.1 MCB Camp Lejeune, NC

- a. CSCDEP
- b. EWSDEP (Optional)
- c. EPMEDEP (Optional)

2.2.2.2 MATSG Pensacola, FL

2.2.4.8 MCB Camp Butler, Okinawa

- a. ATSS
- b. ATSS (Optional)

2.2.5 Teaching Services . The contractor shall conduct CSCDEP and EWSDEP in blended-seminar format. Blended seminars consist of a mix of in-residence seminar periods and online seminar periods enabling students to receive high-quality PME. The contractor shall provide teaching services to deliver both in-residence and online seminars at the regional offices as listed in paragraphs 2.2.6.1 through 2.2.6.3 below.

- a. The contractor shall conduct Socratic style onsite and online seminars.
- b. The contractor shall teach only CDET approved curricula.
- c. The contractor shall use CDET teaching materials, faculty guides and faculty LSS sites.
- d. The contractor shall grade students' papers, essays, planning products and any subjective grading requirements as specified in CDET course close-out policies and timelines.
- e. The contractor shall ensure strict enforcement of test security and integrity.
- f. The contractor shall follow the approved teaching schedule.

CONTRACT NO.	DELIVERY ORDER NO.	PAGE	FINAL
N00178-06-D-4730	MU61	55 of 102	

- g. The contractor shall grade according to CDET prescribed rubrics.
- h. The contractor shall remediate students as required.
- i. The contractor shall enforce the CDET academic integrity policy.
- j. The contractor shall ensure that at the end of each seminar course, seminar students and faculty complete EOC surveys via the LSS.
- k. The contractor shall ensure LSS enrollment of eligible faculty and students into courses and provide faculty and students limited basic LSS support.

2.2.6 Teaching Services Locations:

2.2.6.1 MCB Camp Lejeune, NC

- a. CSCDEP instructional services for two simultaneous seminars
- b. Additional CSCDEP instructional services for up to two additional simultaneous seminars. (Optional)
- c. EWSDEP instructional services for two simultaneous seminars
- d. Additional EWSDEP instructional services for up to three additional simultaneous seminars. (Optional)

2.2.6.2 MCB Camp Pendleton, CA

- a. CSCDEP instructor services for two simultaneous seminars
- b. Additional CSCDEP instructor services for up to two additional simultaneous seminars. (Optional)
- c. EWSDEP instructor services for two simultaneous seminars
- d. Additional EWSDEP instructor services for up to three additional simultaneous seminars. (Optional)

2.2.6.3 MCB Camp Butler, Okinawa

- a. CSCDEP instructor services for up to two simultaneous seminars (Optional)
- b. EWSDEP instructor services for up to two simultaneous seminars (Optional)

2.2.7 Program Seminar Services CDET requires two types of AF services, teaching and grading.

2.2.7.1 Teaching AF. The contractor shall provide teaching AF services to support the seminar schedule shown in Table 2-1. below.

- a. The contractor shall conduct Socratic style onsite and online seminars, according to CDET schedules that include seminar sessions meeting either weekly during the evenings or monthly in the case of the weekend seminars for two (2) days. The handling and managing of online seminar instruction is similar to the weekly evening seminar except students complete their assignments online asynchronously.
- b. The contractor shall teach only CDET approved curricula.
- c. The contractor shall use CDET teaching materials, faculty guides and faculty LSS sites.
- d. The contractor shall grade students' papers, essays, planning products and any grading requirements as specified in CDET course close-out policies and timelines.
- e. The contractor shall ensure strict enforcement of test security and integrity.
- f. The contractor shall follow the CDET approved academic schedule.
- g. The contractor shall grade according to CDET prescribed rubrics.
- h. The contractor shall remediate students.
- i. The contractor shall enforce the CDET academic integrity policy.
- j. The contractor shall ensure that seminar students complete their EOC surveys via the LSS at the end of each seminar course.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 56 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

k. The contractor shall ensure LSS enrollment of eligible faculty and students into courses and provide faculty and students limited basic LSS support.

l. The contractor shall participate in no more than six (6) hours of local FD per AY determined by the local RC.

m. The contractor shall successfully complete Faculty Orientation 101 prior to teaching.

n. The contractor shall, every third year, successfully complete Faculty Orientation 201 or its successor course prior to teaching that year.

o. The contractor shall complete LSS administrative duties in accordance with CDET policy.

2.2.7.2 CSCDEP, EWSDEP and ECCDEP Seminars. The contractor shall provide teaching AF to conduct the CSCDEP, EWSDEP and ECCDEP Seminars in accordance with Table 2-1 below and CDET academic schedules. The Government will provide the classrooms and course material. The CSCDEP and EWSDEP seminar programs of study are two-year constructs consisting of 35 periods of instruction per Academic Year (AY). The ECCDEP program of study is 15 weeks for each section. Normally, the AY runs from October through June. CDET schedules and delivers the following courses sequentially during each AY:

- CSC Year 1 – Courses 8901-Theory and Nature of War, 8902-National International Security Studies, 8903-Operational Art, 8904-Joint Warfighting.
- CSC Year 2 – Courses 8905-Small Wars, 8906-MAGTF Operations, 8907-Amphibious Operations, 8908-Operation Planning and Final Exercise.
- EWS Year 1 – Courses 8661-Warfighting, 8662-MAGTF Operations Ashore.
- EWS Year 2 – Courses 8663-MAGTF Operations Ashore Practical Exercise, 8664-Naval Expeditionary Operations.
- ECCDEP – Administration, Communications, Warfighting, Training and Leadership.

	Sec3	Jun-Sep	15

The contractor shall conduct, at the start of the each AY, multiple simultaneous CSC Year 1 seminars, CSC Year 2 seminars, EWS Year 1 seminars and EWS Year 2 seminars. The contractor shall conduct the three sections for the ECCDEP seminar sequentially, in each region, as specified in Tables 2-1 and 2-2 above. All weekday seminars meet for one (1), three (3) hour instructional period in the evening after normal business hours. All weekend seminars meet one (1) weekend each month during the AY for 12 – 16 hours and consist of three or four full periods of instruction. Courses are subject to change in number and location depending on student demand. The contractor shall provide grading AF to support essay grading for the EWSDEP first year 8661 and 8662 courses.

2.2.7.3 CSCDEP, EWSDEP and ECCDEP Seminars (OPTION). The contractor shall provide optional DPME seminar services for the base year and each option year for CSC Year 1, CSC Year 2, EWS Year 1, EWS Year 2 and ECC as listed in Table 2-2.

2.2.7.4 Grading AF. The contractor shall provide grading services for 2,400 four-page papers on an annual basis with an OPTION to grade up to 1,000 additional four-page papers. These services are for grading written assignments of those students participating in the self-study online program normally associated with the EWSDEP.

- a. The contractor shall grade written assignments and return the graded papers to students within five days using CDET standardized grading rubrics.
- b. The contractor shall provide content and structural comments to students on their written assignment in MS Word using track changes.
- c. The contractor shall provide a feedback page with student grade, constructive comments, encouraging remarks and candid observations.
- d. The contractor shall be prepared to spend up to 15 minutes per paper discussing feedback with student.

2.3 Program Management Services. The contractor shall perform Program Management services to support the CDET's distance education programs and regional campuses and serve as the contractor's primary interface with the Government.

- a. The contractor shall manage the execution of CDET, CAOCL and RTAM programs.
- b. The contractor shall coordinate scheduling of seminars with the RCs and CDET staff.
- c. The contractor shall ensure review of all invoices for accuracy and on-time submittal.
- d. The contractor shall maintain weekly contact with the COR regarding overall contract execution and Government satisfaction.
- e. The contractor shall conduct a minimum of one Quality Assurance (QA) visit to each regional site annually. (CDRL B003, Quality Assurance Visit Report)
- f. The contractor shall participate in the CDET faculty workshop sessions held annually at Quantico, VA.
- g. The contractor shall conduct quarterly Program Management status reviews with COR and report on the overall program status and the status of each region.
- h. The contractor shall provide written agenda and meeting minutes of quarterly reviews. (CDRL B004, CDET Meeting Agenda) (CDRL B005, CDET Meeting Minutes)

2.4 DEP Subject Matter Expert (SME) Services. The contractor shall provide DEP SME services specific to each program's curriculum to support the CDET CSCDEP, EWSDEP and ECCDEP programs at regional campuses as described in section 2.2.7.2

CONTRACT NO.	DELIVERY ORDER NO.	PAGE	FINAL
N00178-06-D-4730	MU61	58 of 102	

above.

- a. The contractor shall maintain USMC SME currency in designated expert areas.
- b. The contractor shall convert resident curriculum into distance education curriculum using the CDET's curriculum development process. (CDRL B006, Distance Education Curriculum)
- c. The contractor shall revise and update courseware according to CDET's course development schedules.
- d. The contractor shall develop educationally sound course/lesson objectives using Bloom's taxonomy to accomplish resident school educational outcomes.
- e. The contractor shall establish and electronically maintain courseware, curriculum and assessment version control.
- f. The contractor shall create and safeguard course assessments electronically.
- g. The contractor shall document the linkages between seminar lessons and the DEP course lessons electronically.
- h. The contractor shall develop and maintain an exam-mapping document electronically, demonstrating appropriate linkages between assessments and specific educational objectives, and learning outcomes.
- i. The contractor shall develop answer and reference keys for course assessments electronically.
- j. The contractor shall develop and maintain a mapping document electronically demonstrating appropriate linkages between issues for discussion and specific educational objectives and learning outcomes.
- k. The contractor shall maintain electronic files of all documents, assessments, graphics, readings, electronic media and supporting information for the courses.
- l. The contractor shall maintain and manage master LSS course site.
- m. The contractor shall answer questions from the field on all aspects of the courses.
- n. The contractor shall perform FD according to the CDET FD program by:
 - Conducting FD Video Teletraining (VTT) and recordings.
 - Maintaining and managing course LSS FD site and monitor site during course execution.
 - Electronically developing and distributing the course faculty guide.
 - Maintaining the content for the course on the CDET web page.
 - Developing recommendations for faculty standards unique to respective course.
- o. The contractor shall conduct Institutional Effectiveness/Institutional Research (IE/IR) analysis for the course by:
 - Analyzing student performance data and recommending curriculum changes to the Dean of Academics.
 - Conducting and electronically recording test item analyses for course assessment evaluation.
 - Analyzing and electronically recording end-of-course comments from students, faculty, commanders and outside stakeholders.
 - Preparing and analyzing descriptive statistics and graphical displays of end-of-course survey data electronically for determination of course modifications.
 - Preparing electronic Course Content Review Board (CCRB) reports and/or briefings on IR findings for the course.
- p. The contractor shall teach two courses for blended seminars.
- q. The contractor shall travel to IR and Process for the Accreditation of Joint Education (PAJE) conferences and briefings as required by the CDET Dean of Academics.
- r. Possess or be able to qualify for and maintain a SECRET level security clearance.

2.4.1 CSCDEP Curriculum SME Services. The contractor shall provide CSCDEP SME services to support eight separate CSCDEP courses, as detailed in section 2.2.7.2 above, teaching fundamentally different content.

- a. The contractor shall incorporate Joint Professional Military Education Phase I requirements per CJCSI 1800.01 (OPMEP) into

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 59 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

the course and prepare briefings and self-study for the Process for the Accreditation of Joint Education (PAJE) reviews.

- b. The contractor shall provide information for accreditation requirements electronically to the Dean of Academics.
- c. The contractor shall provide SME expertise to the PAJE review team in accordance with CJCSI 1800.1 (OPMEP).
- d. The contractor shall attend the Joint Faculty Education Conference (JFEC) hosted by the Joint Staff J-7.

2.4.2 EWSDEP Curriculum SME Services. The contractor shall provide EWSDEP SME services to support four separate EWSDEP courses, as detailed in section 2.2.7.2 above, teaching fundamentally different content.

- a. The contractor shall incorporate MCU Career Level School requirements into the course.

2.4.3 ECCDEP Curriculum SME Services. The contractor shall provide ECCDEP SME services to support five separate ECCDEP courses, as detailed in section 2.7.2 above, teaching fundamentally different content.

- a. The contractor shall develop learning outcomes for designated courses in coordination with respective EPME course director(s) and content SMEs.

- b. The contractor shall develop course content based on learning outcomes and content areas.

- c. The contractor shall map learning outcomes to educational outcomes to instructional components.

- d. The contractor shall develop instructional strategies in close coordination with Instructional Systems Specialists (ISSs).

- e. The contractor shall develop comprehension checks and Questionmark® test questions in close coordination with ISS.

- f. The contractor shall review developed courses to ensure content addresses associated learning outcomes.

- g. The contractor shall assess course suitability for Marine target audience and recommend changes to the Dean of Academics.

- h. The contractor shall gather and create electronic multimedia assets in coordination with ISS and Graphic Artist.

- i. The contractor shall conduct a thorough review of deliverables for content accuracy, participate in onsite reviews and provide electronic feedback to the Dean of Academics.

- j. The contractor shall maintain courseware materials that are active on MarineNet and perform annual reviews to maintain quality and accuracy of assigned course.

- k. The contractor shall coordinate with CDET MarineNet officer to ensure courses meet technical requirements for MarineNet delivery.

- l. The contractor shall recommend adjustments to the timeline or deliverables to the Dean of Academics electronically.

- m. The contractor shall coordinate with MCU EPME SMEs to ensure current versions of available content materials prior to curriculum development.

2.4.4 International Military Support Officer (IMSO) Program SME Services (OPTION). The contractor shall provide IMSO Program SME services at Quantico, VA for two separate OPME programs (CSCDEP and EWSDEP).

- a. The contractor shall ensure compliance with all directives governing IMSO programs.

- b. The contractor shall serve as a liaison with the Marine Corps Security Cooperation Group for resolving international student officer issues.

- c. The contractor shall provide logistical and administrative support for blended seminars in accordance with CDETs Blended Seminar Program Scheme of Maneuver.

- d. The contractor shall provide instruction and SME expertise to other instructors for the Quantico blended seminar program and provide IMSO support to regional blended seminars.

- e. The contractor shall provide EWSDEP or CSCDEP subject matter expertise and teach online and onsite seminars.

2.4.5 CSCDEP, EWSDEP, ECCDEP and IMSO SME Services Locations. The contractor shall co-locate all SMEs with the CDET or resident school in Quantico, VA. The contractor shall provide SMEs at the following locations:

- a. CSCDEP (Dunlap Hall, Quantico, VA) – (see 2.4.1).

- b. EWSDEP (Geiger Hall, Quantico, VA) – (see 2.4.2).

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 60 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

c. ECCDEP (Dunlap Hall, Quantico, VA) – (see 2.4.3)

d. IMSO (Quantico, VA) – (see 2.4.4).

2.5 Editorial and Online Writing Services (OPTION). The contractor shall provide editorial and online writing services to support the CDET's distance education programs:

2.5.1 Editorial and Online Writing Services.

a. The contractor shall edit exams and courseware revisions.

b. The contractor shall paginate courseware.

c. The contractor shall assemble original course books and exams electronically.

d. The contractor shall convert text type files into mobile e-book compatible files.

e. The contractor shall reformat Government or commercial courseware into MS Word and Adobe Portable Document Format (.pdf) formats.

f. The contractor shall edit existing courseware for errata generation.

g. The contractor shall assist curriculum developers in collecting and reporting results of the CCRB.

h. The contractor shall provide curriculum section ad hoc administrative support.

i. The contractor shall edit FD materials, online content and courses.

j. The contractor shall conduct anti-plagiarism software checks on written assignments.

k. The contractor shall provide writing and composition advice and assistance to CDET staff, curriculum SMEs and students.

l. The contractor shall maintain the CDET online writing center for the appropriate course.

2.5.2 Editorial and Online Writing Services Locations (OPTIONS). There shall be three (3) separate OPTIONS for editorial and online writing services to support the CSCDEP, EWSDEP and EPMEDEP. Editorial and online writing services shall be co-located in Government spaces at the below locations:

a. CSCDEP, CDET Headquarters, Quantico, VA.

b. EWSDEP, Geiger Hall, Quantico, VA.

c. EPMEDEP, Marine Corps Univ. Dunlap Hall Quantico, VA

2.6 Institutional Research (IR) Services. The contractor shall provide IR and analytical services to CSCDEP and EWSDEP programs with an OPTION for IR services to support EPMEDEP programs. The contractor shall develop, distribute and collect course and program surveys, test item analysis and student performance reports for the Dean of Academics. The contractor shall perform IR services in Government space at the CDET Headquarters in Quantico, VA.

2.6.1 Institutional Research Services.

a. The contractor shall coordinate with each DEP Branch and the Dean of Academics in defining and developing course survey instruments.

b. The contractor shall electronically develop and distribute survey instruments and then collect, organize, and summarize the data for all DEPs.

c. The contractor shall electronically provide survey data information, by course, to the CSCDEP, EWSDEP and EPMEDEP for use in their annual CCRBs.

d. The contractor shall coordinate with the dean, associate deans and the head of student support for purposes of collecting, calculating, displaying and distributing IR data and information.

e. The contractor shall participate as a member(s) of the CDET PME CCRBs by providing course specific input from students and adjunct faculty.

f. The contractor shall write an annual academic IR report that includes a summary and conclusion of course survey data for a specific academic year for each program. (CDRL B007, CDET Institutional Research Report)

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 61 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

- g. The contractor shall archive records required for the PAJE accreditation and other accrediting bodies..
- h. The contractor shall collaborate with MCU Institutional Research, Assessment & Planning (IRAP) in developing and coordinating IR program information and the commander's annual survey.

2.6.2 IR Services Locations:

- a. CSCDEP at CDET Headquarters, Quantico, VA.
- b. EWSDEP at Geiger Hall, Quantico, VA.
- c. EPMEDEP at Breckenridge Hall, Quantico, VA. (Optional)

2.7 Educational Technology Services. The contractor shall provide Educational Technology Services (ETS) co-located at each Government space at Quantico, VA to support three separate DPME programs (CSCDEP, EWSDEP and EPMEDEP).

2.7.1 Educational Technology Services.

- a. The contractor shall provide technical expertise for using and managing the CDET LSS.
- b. The contractor shall work with tier 1 support personnel and management to refine tier 1 technical support strategies. (CDRL A001, CDET Technical Support Strategies)
- c. The contractor shall coordinate with and train tier 1 support personnel
- d. The contractor shall produce multimedia educational course content.
- e. The contractor shall establish requested student and instructor LSS accounts and courses.
- f. The contractor shall develop and deliver training materials (tutorials) on educational technology to instructors, course directors, RCs, chief instructors and staff electronically.
- g. The contractor shall recommend technical solutions to adapt course distribution and content delivery to diverse user populations and technical environments.
- h. The contractor shall develop graphics, user interfaces, Flash/HTML5 animations, databases, technical procedure documentation, videos, documents, spreadsheets and audio files for instructional use in multiple formats. (CDRL A002, CDET Technical Procedure Documentation).
- i. The contractor shall establish course organization, database management and design.
- j. The contractor shall conduct research and development of new system features.
- k. The contractor shall coordinate with course developers to provide assistance with technical aspects regarding development of courses within the LSS.
- l. The contractor shall act as point of contact for submitting trouble tickets and managing technical issues such as bug fixes, upgrades and routine maintenance downtime with the LSS.

2.7.2 Educational Technology Services Locations:

- a. CSCDEP at CDET Headquarters, Quantico, VA.
- b. EWSDEP at Geiger Hall, Quantico, VA.
- c. EPMEDEP at Breckenridge Hall, Quantico, VA. (Optional)

2.8 Media Services (OPTION). The contractor shall provide Media services in Government provided space in three different locations at Quantico, VA to support three separate DPME programs (CSCDEP, EWSDEP and EPMEDEP).

2.8.1 Media Services.

- a. The contractor shall design, develop and integrate multimedia elements and products in curriculum course materials.
- b. The contractor shall capture and edit video and audio, and work with Adobe products to integrate interactive multimedia elements.
- c. The contractor shall conduct research for appropriate video/audio clips, and photographs from the Marine Corps Audio/Visual (A/V) Repository and other Marine Corps agencies.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 62 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

- d. The contractor shall develop computer based learning products using Macromedia Flash 7/HTML5 and later products.
- e. The contractor shall provide multimedia products to course directors in the development of their course material. (CDRL A003, CDET Multimedia Course Material).
- f. The contractor shall develop multimedia that supports instructional validity and technical performance for asynchronous, self-paced delivery via MarineNet. (CDRL A004, CDET Multimedia and Graphics for MarineNet).
- g. The contractor shall develop multimedia for use in Lectora® and for delivery on MarineNet. (CDRL A005, CDET Multimedia and Graphics for Lectora®)).
- h. The contractor shall develop multimedia for marketing and outreach programs in support of CDET.

2.8.2 Media Services Locations:

- a. CSCDEP at CDET Headquarters, Quantico, VA.
- b. EWSDEP at Geiger Hall, Quantico, VA.
- c. EPMEDEP at Breckenridge Hall, Quantico, VA.

2.9 Graphic Arts and Design Services (OPTION). The contractor shall provide Graphic Arts and Design services in Government provided space at Quantico, VA to support the EPMEDEP curriculum.

- a. The contractor shall advise the EPMEDEP SME and Instructional System Designer on graphic strategies to achieve learning outcomes and objectives.
- b. The contractor shall develop graphics that support instructional validity and technical performance for asynchronous, self-paced delivery via MarineNet. (CDRL A004, CDET Multimedia and Graphics for MarineNet).
- c. The contractor shall coordinate with Headquarters Marine Corps Public Affairs Office and TECOM Combat Camera Branch in imagery and video collection efforts.
- d. The contractor shall develop graphics and multimedia for use in Lectora® and delivery on MarineNet. (CDRL A005, CDET Multimedia and Graphics for Lectora®).
- e. The contractor shall develop graphics and multimedia for CDET marketing and outreach programs.
- f. The contractor shall capture image and photo products from the Marine Corps Imagery Resource Center, TECOM Combat Camera Branch, the World Wide Web (WWW) and other searchable image databases. (CDRL A006, CDET Image and Photo Products).
- g. The contractor shall provide photographic and video-graphic technical expertise for the development or evaluation of courseware.
- h. The contractor shall assemble and maintain CDET photographic and video hardware.
- i. The contractor shall perform rapid prototyping in Flash and the current CDET rapid development tool.
- j. The contractor shall design and develop graphical user interfaces for Learning Management System (LMS)-based, stand-alone and mobile courseware applications.
- k. The contractor shall provide video and sound production and editing capabilities.
- l. The contractor shall attend initial project meetings for courseware requiring still or motion photography.

2.10 Instructional Systems Design Services (OPTION). The contractor shall provide Instructional System Design (ISD) services to reside in Government provided space at Quantico, VA to support the EPMEDEP curriculum.

- a. The contractor shall provide ISD expertise to EPME SMEs and course directors regarding the validity and technical performance for asynchronous, self-paced delivery via MarineNet and a LSS.
- b. The contractor shall provide ISD expertise to EPME SMEs regarding the development of learning objectives at the appropriate level of Bloom's taxonomy to meet designated learning outcomes.
- c. The contractor shall provide ISD expertise to EPME SMEs regarding the development of comprehension checks and test questions for associated learning objectives.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 63 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

- d. The contractor shall build Questionmark® Q-packs or like software for end-of-course tests and/or surveys for use on MarineNet.
- e. The contractor shall develop courses in Lectora® for delivery on MarineNet.
- f. The contractor shall provide ISD expertise to course directors in conducting user testing.
- g. The contractor shall maintain and safeguard electronic files of Questionmark® EOC exams and associated answer keys.

2.11 Flash/HTML5 Programming Services (OPTION). The contractor shall provide Flash/HTML5 Programming services in Government provided space at Quantico, VA to support CDET academics.

- a. The contractor shall provide programming expertise to the DEP SMEs and Instructional Systems Design on graphic strategies to achieve learning outcomes and objectives using Flash/HTML 5.
- b. The contractor shall develop shockwave and interactive Flash/HTML 5 files that support instructional validity and technical performance for asynchronous, self-paced delivery via MarineNet.
- c. The contractor shall coordinate with the Marine Corps Imagery Resource Center, TECOM Combat Camera Branch, the World Wide Web (WWW) for imagery and video collection efforts.
- d. The contractor shall provide programming expertise in the development of courses and multimedia in Lectora® for delivery on MarineNet.
- e. The contractor shall provide programming expertise in the development of multimedia for CDET marketing and outreach programs.
- f. The contractor shall provide programming expertise to course directors in the development of their course material.

2.12 Student Support Services. The contractor shall perform Student Support Services in Government provided space at Quantico, VA to support CDET academics.

2.12.1 Assistant Student Registry Services (OPTION). The contractor shall provide Assistant Student Registry services.

- a. The contractor shall enroll non-DoD and international students.
- b. The contractor shall process requests for disenrollment.
- c. The contractor shall process approved waiver requests.
- d. The contractor shall process approved grade equivalencies.
- e. The contractor shall verify that students meet course enrollment prerequisites.
- f. The contractor shall perform approved grade changes.
- g. The contractor shall print and mail Official Transcripts – MarineNet wide (all courses).
- h. The contractor shall print and distribute diplomas.
- i. The contractor shall respond to college inquiries regarding CDET course accreditations for awarding college credit.
- j. The contractor shall verify and correct approved course completion bonus/reserve retirement point issues.

2.12.2 Courseware Distribution Services (OPTION). The contractor shall provide Courseware Distribution services.

- a. The contractor shall provide courseware printed material distribution expertise in support of the CDET and regional campuses.
- b. The contractor shall provide courseware distribution expertise to the Academic section in preparing and converting .pdf documents to .EPUB and .MOBI e-book formats.
- c. The contractor shall provide CDET's courseware and distribution requirements to the Document Automated Production Services (DAPS) for production and subsequent distribution of courseware material, faculty material, student material, maps and overlays.
- d. The contractor shall arrange shipment of materials to Regional Campuses and students outside identified Regional Campuses.
- e. The contractor shall manage the courseware configuration baseline for the CDET.
- f. The contractor shall maintain a CD library of all CDET distance education programs.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 64 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

g. The contractor shall estimate, track and report DAPS printing expenditures.

2.12.3 LSS/Help Desk Services. The contractor shall provide LSS/Help Desk services to support two simultaneous-operated help desks with OPTIONS for adding up to two (2) additional LSS/Help Desks. The Government will provide Unit Diary (UD) training (if required) and appropriate Navy Marine Corps Intranet (NMCI) or Next Generation Enterprise Network (NGEN) accounts and equipment.

- a. The contractor shall respond to student and staff technical questions or policy queries regarding the DPME or distance learning programs hosted on the LSS or MarineNet.
- b. The contractor shall direct student queries for assistance with waiver and equivalency requests to the Registrar.
- c. The contractor shall respond to questions generated from the CDET web site.
- d. The contractor shall establish and enroll students in LSS accounts.
- e. The contractor shall generate and email temporary password and log in information to students.
- f. The contractor shall track self-study students' course progress via the LSS.
- g. The contractor shall provide help desk expertise to LSS and MarineNet students.

2.12.4 Unit Diary/Help Desk Services. The contractor shall provide UD/Help Desk services to support two simultaneous-operated help desks at Quantico, VA with OPTIONS for up to two additional UD/Help Desk services.

- a. The contractor shall oversee and manage the day-to-day LSS/UD Help Desk activities.
- b. The contractor shall respond to student questions and queries regarding DEPs and MarineNet such as:
 - Student enrollments.
 - Disenrollment requests.
 - Waiver requests.
 - Equivalency requests.
 - Grade change requests.
 - Official Transcript requests.
 - Diplomas.
- c. The contractor shall supervise, construct and verify the construct in the CDET Unit Diary in Unit Diary Manpower Integrated Personnel System (UDMIPS) and electronically submit it for review.
- d. The contractor shall generate, review and correct erroneous entries identified on the monthly UD transaction report from the UDMIPS.

2.12.5 Budget Analytical Services (OPTION). The contractor shall provide budget analytical services.

- a. The contractor shall provide budget analytical expertise to the CDET Business Operation Section in the performance of financial administration, record keeping, data input and management into the TECOM electronic financial systems, e.g. SABRES, PR Builder, Wide Area Workflow.
- b. The contractor shall provide budget analytical expertise in the preparation of program briefings and presentations, e.g. Program Objective Memorandum and Program Reviews.
- c. The contractor shall track budget obligations and expenditures and perform record reconciliations.
- d. The contractor shall provide budget analytical expertise to TECOM financial personnel relative to CDET financial administration and accounting.

2.13 Engineering Support Services. The contractor shall perform engineering support services in the functional areas of electrical, mechanical, information technology, programming and computer science, in Government provided space at Quantico, VA to support CDET.

2.13.1 Assistant MarineNet Engineering Services (OPTION). The contractor shall provide Assistant MarineNet Engineering services that support the MarineNet Officer.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 65 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

- a. The contractor shall electronically track current MarineNet issues and status via the Remedy application.
- b. The contractor shall review technical documentation and drawings and electronically provide comments.
- c. The contractor shall inform the MarineNet Training Managers of any changes to MarineNet to include functionality, updates to CDET policy and procedures, and new courses added to MarineNet.
- d. The contractor shall review and assist with daily service support requests.
- e. The contractor shall review MarineNet Training Manager requests to ensure they comply with CDET policy.
- f. The contractor shall maintain CDET website information updates (assigned to MarineNet Officer) to include the News and Information link on MarineNet.
- g. The contractor shall provide engineering expertise to the Electronic Courseware Development Section for any courses that require a Marine Corps Total Force System course code and formal school code.
- h. The contractor shall provide engineering expertise to G3 TECOM's Pre-Deployment Training Program Section to keep abreast of changes to the Pre-deployment Training on MarineNet.
- i. The contractor shall provide engineering expertise to CDET Student Support to ensure identification and resolution of PME issues relative to MarineNet.
- j. The contractor shall provide engineering expertise to Operations Section on any unit diary transactions that need to be processed.
- k. The contractor shall provide engineering expertise to CDET PME Courseware Development Sections to provide engineering expertise with Questionmark® exam development and submission of exams to MarineNet.
- l. The contractor shall provide engineering expertise in training the CDET Student Support Help Desk personnel.
- m. The contractor shall maintain MarineNet chapter of CDET Standard Operating Procedures (SOP).
- n. The contractor shall review MarineNet roles for CDET personnel and ensure compliance with CDET policies.

2.13.2 Assistant Infrastructure Engineering Services (OPTION). The contractor shall provide Assistant Infrastructure Engineering services that support the Infrastructure Officer.

- a. The contractor shall track current MarineNet infrastructure issues and status.
- b. The contractor shall identify and address infrastructure-related issues and trouble tickets to the CDET MarineNet Officer and Student Support Section.
- c. The contractor shall determine funding requirements in support of NMCI/NGEN and Learning Resource Center (LRC) costs.
- d. The contractor shall review issues regarding software and hardware compliance and make verbal recommendations to the CDET Sections.
- e. The contractor shall electronically submit NMCI/NGEN Move/Add/Change requests and LRC seat orders and track the delivery and successful install of requested services.
- f. The contractor shall electronically submit NMCI/NGEN support requests to include cellular, broadband, data, user accounts, etc.
- g. The contractor shall generate, edit and review technical documentation and provide technical reports as required. (CDRL A007, CDET Technical Reports).
- h. The contractor shall maintain Infrastructure chapter of CDET SOP.

2.14 Webmaster Services (OPTION). The contractor shall provide Webmaster services in Government provided space at Quantico, VA to support CDET academics.

- a. The contractor shall develop and manage the CDET and MarineNet web pages.
- b. The contractor shall perform technical web support that allows rapid update of materials and links to the WWW and DoD agencies.
- c. The contractor shall establish and maintain web-based groups or message boards.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 66 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

- d. The contractor shall establish and maintain links to joint publications and other Services' doctrine sites.
- e. The contractor shall develop and monitor online student evaluations for the CDET DEPs.
- f. The contractor shall perform web-based data collection for institutional academic support.
- g. The contractor shall provide expertise in distance education WWW applications as required.
- h. The contractor shall submit orders, track and refresh NMCI/NGEN Information Technology (IT) assets.
- i. The contractor shall submit Security Access Requests and acquire Government email accounts.
- j. The contractor shall provide Webmaster expertise to the Academics section for macros and custom programming of repetitive institutional research (IR) tasks for streamlining CDET's IR data collection and reporting process.

2.15 Video Teletraining (VTT) Services (OPTION). The contractor shall provide VTT services for the CDET Operations Section relative to VTT activities at Quantico, VA.

- a. The contractor shall provide VTT technical expertise to enable Government delivery of VTT services.
- b. The contractor shall recommend installation and maintenance methodology of video-teleconferencing (VTC) equipment to ensure compliance with H.320/H.323 video standards.
- c. The contractor shall provide VTT expertise regarding telecommunications using Defense Information Systems Agency circuit provisioning and base switching network.
- d. The contractor shall manage and track VTT system outages and report the status of repair. (CDRL A007, CDET Technical Reports)
- e. The contractor shall inventory, track, report and manage Marine Corps Government Furnished VTT Equipment. (CDRL B008, CDET MCSEN Government Equipment Inventory Report)
- f. The contractor shall maintain configuration management of the Marine Corps video bridges.
- g. The contractor shall manage the Marine Corps VTT schedule ensuring conference calls are properly scheduled and executed on time.

2.16 Information Technology (IT) Services (OPTION). The contractor shall provide IT services at Quantico, VA to support IT tracking of Government-provided hardware and software as shown in Appendix D.

- a. The contractor shall maintain, track and report on the status of GFE computers, printers, wireless routers and software licenses. (CDRL B009, CDET IT Equipment Report)
- b. The contractor shall electronically track the extended maintenance plan for GFE IT assets.
- c. The contractor shall provide IT expertise to the student support help desk for hardware and software problems.
- d. The contractor shall maintain configuration management of GFE IT assets.
- e. The contractor shall deliver GFE computer components to Government sites and set up the IT systems.

2.17 Operations Testing Services (OPTION). The contractor shall provide operations testing services to the MarineNet Officer and LMS Officer at Quantico, VA in testing electronic distance learning products.

- a. The contractor shall track current MarineNet and CDET LSS issues and status, and advise the help desk of technical issues and potential resolutions.
- b. The contractor shall review technical documentation and drawings and provide technical comments electronically.
- c. The contractor shall maintain currency on changes to MarineNet to include functionality, updates to CDET policy and procedures and new MarineNet or the CDET LSS distance learning products.
- d. The contractor shall review daily service support requests and provide testing expertise to the CDET MarineNet Officer.
- e. The contractor shall provide testing expertise to the Electronic Courseware Section relative to the activation of any courses or distance learning products.
- f. The contractor shall provide testing expertise to the CDET Student Support Section to ensure identification and resolution of Remedy® technical issues relative to MarineNet or LSS issues.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 67 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

3.0 Other TECOM Services Requirements.

3.1 Center for Advanced Operational Culture Learning (CAOCL) Services Requirements.

The Marine Corps has charged CAOCL to be the Marine Corps' organization responsible for institutionalizing and managing the service level implementation of the Marine Corps' operational culture training and operational language-familiarization training programs. As the Marine Corps' Culture and Language Center of Excellence, CAOCL ensures Marines are equipped with operationally relevant regional, culture and language knowledge to allow them to plan and operate successfully in the joint and combined expeditionary environment:

- In any region of the world,
- In current and potential operating conditions, and
- Targeting persistent and emerging threats and opportunities.

The contractor shall perform CAOCL services at Marine Corps Base Quantico, VA.

3.1.1 Curriculum Development Services. The contractor shall provide curriculum development services for the three (3) distinct CAOCL programs (Operations, Culture and Language). The contractor shall develop curricula and instruction for CAOCL that pertains to culture and language in accordance with the Systems Approach to Training and Education (SATE), NAVMC 3500.65 (Culture and Language Training and Readiness Manual), and to the minimum standards set by the Marine Corps Curriculum Developer's Course curriculum. Key learning outcomes of these products shall address elements of operational culture, by region or by Marine Component Operational Plan and Contingency Plan or Theater Security Cooperation objectives according to CAOCL's established framework.

- a. The contractor shall conduct learning analyses with the Government for CAOCL operational, culture and language courses per the SATE manual.
- b. The contractor shall develop, maintain and revise formal Programs of Instruction (POIs) and associated content, including Course Descriptive Data (CDD), Master Lesson Files (MLF), instructor guides, student handouts and assessment tools. (CDRL A008, CAOCL Programs of Instruction (POI) Documentation).
- c. The contractor shall develop the CAOCL virtual and constructive training with the Government based on proven adult learning methods and computer-based training and education.
- d. The contractor shall develop, maintain and revise the Training and Readiness (T&R) manuals with the Government.
- e. The contractor shall develop and incorporate Master Scenario Events Lists (MSEL) into exercises and assessments.
- f. The contractor shall develop the CAOCL collective training standards structured around service-level Mission Essential Task Lists (METL) and develop and revise the methods of evaluation and examination.
- g. The contractor shall upload, maintain and revise CAOCL course data in the Marine Corps Training Information Management System (MCTIMS).
- h. The contractor shall solicit, maintain, analyze and report on formal assessment data of CAOCL students and CAOCL training and education programs.

3.1.2 Regional Culture and Language Expertise and Instruction Services. The contractor shall provide region-specific expertise and instruction services with country-specific knowledge, regional cultural knowledge and language expertise in the following five (5) geographic areas: Asia-Pacific; Mexico, Central and South America; Africa; Middle East/North Africa and Europe. The contractor shall have a detailed understanding of the population and cultures of their areas, and the ability to identify and incorporate operationally relevant knowledge into training and education programs for Marines at all levels of maturity, grade and responsibility. A core element of the CAOCL program is to provide students with the ability to engage in language and cultural instruction targeting critical operational regions and emerging areas of responsibility. Language services training emphasis shall be on speaking; however, job relevant language terminology and usage in conversation is required in all training. The contractor shall base language training proficiency on communicative-oriented linguistic and adult academic educational principles used by the Defense Language Institute Foreign Language Center and the Department of State Foreign Service Institute.

- a. The contractor shall provide research and writing expertise to generate operationally relevant and professional cultural training products such as lesson plans.
- b. The contractor shall research, analyze, develop and revise country and region specific culture publications and content for CAOCL curricula. (CDRL A009, CAOCL Regional Culture Curriculum Documentation)
- c. The contractor shall conduct culture classes, lectures and briefings (to include regional role-playing) to the standards set by the Marine

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 68 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

Corps Formal Schools Instructor Course curriculum.

d. The contractor shall lead guided discussions and participate in panels at the USMC Command and Staff College, School of Advanced Warfighting and War College at Quantico, VA.

e. The contractor shall provide foreign culture training expertise in Marine Corps planning and operational processes while delivering CAOCL instruction at locations specified in Appendix E.

3.1.3 Translational Research Services. The contractor shall provide lead and assistant translational research services to conduct targeted, scientific research. The contractor shall provide content for and review of culture-general and cross-cultural competence curricula and products, and provide analysis of qualitative and quantitative data sets. The contractor shall provide dedicated and visiting assignments to conduct research in social and behavioral science integration, conceptualization and assessment, trans-national, sub-national and cross-cultural topics, emerging issues in operating environments, regional studies and programmatic assessments. CAOCL retains all data rights to research materials except as described in CAOCL policy or as specified for a particular task.

a. The contractor shall develop, with the Government, CAOCL training and education courses and USMC culture and language training initiatives.

b. The contractor shall provide translational research expertise in the design and conduct of peer reviewed translational and applied projects.

c. The contractor shall develop and deliver scholarly white papers, publications, presentations, inputs to curricula, vignettes, case studies, operational guides and reference publications designed to be relevant and accessible to different USMC audiences, from privates to general officers. (CDRL A010, CAOCL Academic Support Documentation)

d. The contractor shall deliver scholarly and applied discussions, briefings and classes to Marine Corps audiences.

e. The contractor shall provide translational research expertise to CAOCL research group activities related to organizing lectures, seminars and conferences.

f. The contractor shall conduct translational field research for locations as specified in Appendix E.

g. The contractor shall provide translational research expertise for accessing data sets, participating in working groups and presenting research results at Government and scholarly events for locations as specified in Appendix E.

3.1.4 Information Technology (IT) and Web Development Services. The contractor shall provide IT and Web development services.

a. The contractor shall electronically track and report the status of CAOCL computers, printers, wireless routers and software licenses.

b. The contractor shall create and manage websites and perform SharePoint website administration.

c. The contractor shall resolve hardware and software problems.

d. The contractor shall integrate the CAOCL website with DoD websites, MarineNet and MCTIMS.

3.1.5 Logistics and Facilities Services. The contractor shall provide logistics and facilities services for the CAOCL Headquarters at Quantico, VA.

a. The contractor shall ship, receive and distribute CAOCL materials to USMC locations worldwide via Government mailing services.

b. The contractor shall monitor daily facilities issues for CAOCL Headquarters and develop courses of action for issue resolution.

c. The contractor shall manage facility supplies and equipment and recommend resupply or replacement.

d. The contractor shall electronically track CAOCL training events and ensure pre-event delivery of required training materials.

3.1.6 Strategic Communications Services. The contractor shall provide strategic communications services.

a. The contractor shall communicate with civilian and military media and public affairs offices in support of the CAOCL mission.

b. The contractor shall develop and manage a strategic communications plan to include print, TV, radio, social networks and web utilization. (CDRL B010, CAOCL Strategic Communications Plan)

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 69 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

3.1.7 Doctrine Integration Regional, Culture and Language Familiarization (RCLF) Services. The contractor shall provide services for the development, refinement, integration and maintenance of the RCLF Program. The contractor shall possess a working knowledge of TECOM, HQMC and USMC Operating Forces.

- a. The contractor shall provide expertise in the Government's management of the RCLF Program.
- b. The contractor shall provide RCLF expertise to HQMC, USMC operating forces.
- c. The contractor shall provide RCLF expertise in the Government's development of RCLF MARADMINS, Marine Corps Orders, doctrinal publications, professional journal articles and information papers.
- d. The contractor shall develop and maintain RCLF program databases.
- e. The contractor shall collect and review RCLF-related correspondence and distribute to Government personnel with verbal recommendations for resolution.
- f. The contractor shall analyze the existing culture and language program material for potential integration into the RCLF Program.

3.2 Range and Training Area Management (RTAM) Services Requirements.

The TECOM Range and Training Area Management Branch (RTAM) is responsible for the development and implementation of programs to sustain, upgrade and modernize Marine Corps operational training ranges that support the achievement and maintenance of combat readiness. The Marine Corps continues to invest in programs to sustain and modernize the training range infrastructure, through centralized management, supporting all Marine Corps training ranges and their associated installations. The contractor shall perform the required services to assist RTAM in the management of ranges and training areas worldwide.

3.2.1 RTAM and Installation Range Management SME Services. The contractor shall provide RTAM and Installation Range Management SME services for the following seven major functional areas: Aviation Range Safety, Joint Service Weapon Danger Zone, Laser Range Management, Range Facility Management Support System (RFMSS), Geographic Information Systems (GIS), RTAM Range Management Administration and Operational Range Clearance. RTAM SME services require regular interaction with Directors, Division Heads, and other senior staff and officers.

- a. The contractor shall provide RTAM and Installation Range Management SME expertise for the planning, advisory, programmatic and training implementation, development and management of current and future operational range policies and programs IAW MCO 3550.10.
- b. The contractor shall provide technical knowledge and management of the USMC Aviation Range Safety IAW MCO 3570.1C program and management of the USMC Operational Range Clearance program IAW MCO 3550.12.
- c. The contractor shall provide weapons expertise for integrating weapons scoring and recovery processes to provide for safe and sustainable ranges IAW MCO 3550.10 and MCO 3550-12.
- d. The contractor shall submit an analysis of multi-service Air and Ground weapons and delivery characteristics and DoD policy applications through the use of the Range Managers Tool Kit (RMTK) and specifically the Weapon Danger Zone (WDZ) Tool IAW MCO 3550.12 and MCO 3570.1C. (CDRL B011, RTAM Quarterly Range Clearance Expenditures Report)
- e. The contractor shall provide DoD-wide instructional expertise, training and help desk support for the WDZ Program. (CDRL B012, RTAM Weapon Danger Zone Tool Help Desk Annual Report).
- f. The contractor shall submit an engineering analysis for the laser safety program and instruction for the Laser Range Management Tool for all Services. (CDRL B013, RTAM Certification and Laser Training of USMC Ranges Report)
- g. The contractor shall submit an analysis of the Geographical Information Services (GIS) at the senior technical level to include origination, interpretation, design and display. (CDRL A011, RTAM Geographical Information Services (GIS) Analysis)
- h. The contractor shall submit an analysis of the role of GIS within the Marine Corps and the integration with RMTK/Range Safety, and the verification and validation of the tools for co-use with other Services and allies. (CDRL A011, RTAM Geographical Information Services (GIS) Analysis)
- i. The contractor shall provide engineering expertise to the Range Facility Management Support System (RFMSS) with both an institutional and installation level understanding of operations, maintenance and repair IAW MCO 3550.9 and MCO 3550.10.
- j. The contractor shall instruct in the use of RFMSS in support of USMC range personnel.
- k. The contractor shall provide Range Management SME expertise in the seven RTAM major functional areas listed in section 3.2.1, within USMC manpower structure, range operations, policies and programs IAW MCOs 3550-09, 3550-10, 3550-12 and 3570-1C.
- l. The contractor shall interact regularly with Directors, Division Heads, and other senior staff and officers.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 70 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

m. The contractor shall provide instruction and in-depth analysis of GIS software and how it relates to RTMK by applying GIS-based tool analysis for weapons footprint development and deviation application to a multi-service audience.

3.2.2 RTAM Range Operational Services . The contractor shall provide RTAM Range Operational services to support the control, maintenance, and technical functions for aviation, ground, and combined-arms training activities on range and training areas (RTAs), to include both live-fire and non-live-fire events. The contractor shall provide SME services with specific expertise in the following five RTAM range operational areas: RTAM Future Years Defense Program, Range Safety Program, RTAM Naval Message, Correspondence and Publication Program, Range Managers Tool Kit Program (RMTK) and Program Objective Memorandum development.

a. The contractor shall provide instruction and specific expertise in Marine Corps range operations and in the use of weapons, ammunition and training in the Range Safety course.

b. The contractor shall teach the Intermediate Range Safety course at USMC and Army installations world-wide.

c. The contractor shall analyze the GIS at the intermediate technical level while using GIS software capability to re-orient, re-align, develop and use GIS-based Range Safety tools within RMTK.

d. The contractor shall provide Environmental Systems Research Institute (ESRI) licensing management and GIS interface expertise to implement GIS improvements for range use.

e. The contractor shall provide range operational expertise to the RTAM Business Operations Manager to support financial administration and record keeping requirements IAW MCO 3550.10.

f. The contractor shall gather information to support development of the Program Objective Memorandum (POM) and Program Review Initiatives.

g. The contractor shall provide expertise to the Business Operations Section with day-to-day financial activities to include technical, analytical and fiscal management efforts using PR Builder, SABRS, Wide-area-Workflow and the Program Budget Decision Database.

h. The contractor shall electronically initiate, maintain and track financial documents for RTAM financial activities and budget requirements.

i. The contractor shall draft and edit correspondence, publications and other documents; distribute correspondence and Naval messages to appropriate branch sections and conduct thorough reviews of the monthly progress report for content accuracy. (CDRL B014, RTAM Monthly Progress Report).

j. The contractor shall participate in planning meetings, conferences and off-sites while using the TECOM/RTAM administrative tracking program.

3.2.3 RTAM Range Support Analysis Services. The contractor shall provide RTAM Range Support Analysis services expertise in the operation or administrative functions of the military ranges IAW MCO 3550.10.

a. The contractor shall review, analyze and make recommendations to ensure RTAM aviation training and special use air space projects comply with MCO 3550.10.

b. The contractor shall research and analyze range and training area operations and maintenance programs and provide recommended improvements to the Government.

c. The contractor shall review, analyze and make recommendations regarding encroachment, airspace and environmental concerns in locations as specified in the travel requirements in Appendix E.

d. The contractor shall review, analyze and recommend solutions involving National Airspace and Military Operating Areas, Marine Corps Training requirements and military or civilian interface issues.

e. The contractor shall develop reports, presentations, charts and spreadsheets in support of RTAM operations.

3.2.4 Curriculum Development Services . The contractor shall provide Curriculum Development services expertise to support the design and development of range management course material for RTAM training programs.

a. The contractor shall provide curriculum development expertise in adult learning theory and the principles, methods, practices and techniques of RTAM applications specialties in the instructional systems.

b. The contractor shall analyze and identify gaps in existing range training curricula and determine new tasks and objectives for inclusion in current curricula.

c. The contractor shall conduct Front End Analyses (FEAs) and Course Content Review Boards on four current and proposed

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 71 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

RTAM training programs. (CDRL B015, RTAM Course Curriculum Front End Analysis Report)

- d. The contractor shall provide curriculum development expertise in the Systems Approach to Training (SAT) process to ensure Government incorporation of effective and standardized training materials into the RTAM curriculum IAW USMC Orders.
- e. The contractor shall integrate electronic courseware and its application and for compatibility with current RTAM applications.
- f. The contractor shall develop educational objectives for RTAM training material that complies with applicable Marine Corps Orders...
- g. The contractor shall provide expert quality control during course development to include courseware version control and safeguarding course assessments.
- h. The contractor shall provide learning outcomes and content areas for development to Government SMEs for RTAM course content development.
- i. The contractor shall map learning and educational outcomes to instructional components of the RTAM courses.
- j. The contractor shall conduct thorough reviews of the monthly report (CDRL B014, RTAM Monthly Progress Report) for content accuracy.
- k. The contractor shall participate in monthly onsite reviews.
- l. The contractor shall recommend adjustments to course development timelines or deliverables.

3.2.5 Administrative Assistance Services (OPTION). The contractor shall provide RTAM Administrative Assistance services to support group efforts and discussions and the preparation of reports, presentations, charts and spreadsheets for RTAM operations.

- a. The contractor shall provide word processing, spreadsheet and presentation development and data entry services using Microsoft (MS) Office products.
- b. The contractor shall answer telephones and e-mails and take and deliver messages.
- c. The contractor shall draft written correspondence.

4.0 IT Support Requirements.

The contractor shall perform the installation and maintenance of necessary IT equipment and network connectivity to support onsite contractor personnel. In those unusual cases where the Government cannot allow the contractor to install the network connectivity, the Government agrees to install the connectivity. Additionally, in those limited instances that require NMCI/NGEN connectivity to perform the job, the Government agrees to provide the NMCI/NGEN seat. IT equipment and network connectivity are not required for AF. Unless otherwise noted, all contractor support personnel, other than the AF, shall reside at the Government site at Quantico, VA or at the contractor's facilities within the Northern Virginia area.

4.1 CDET IT Support Requirements. At Quantico only, the contractor shall maintain the GFE network courseware development suites listed in Appendix D. The Government will install a limited number of non-dedicated NMCI/NGEN seats to provide contractors access to their Government email accounts and to DoD PKI sites. For the Student Support Services group, the contractor shall provide commercial workstations for all help desk UD/LSS personnel with MS Office 2010 and the latest Internet Explorer (IE) version. The Government will network these IT assets via the Government provided commercial cable network to allow help desk personnel to validate courseware or network access issues outside of NMCI. As an option and to ensure reliable student connectivity with the regional campuses, the contractor shall be prepared to provide a temporary wireless data hotspot capable of supporting up to five (5) computer terminals in the event of a Government network outage or software application failure at any of the eight regional campuses.

4.2 CAOCL IT Support Requirements. The contractor shall furnish laptops and IT support for all contractor personnel. The laptops must be equipped with CAC readers and Wi-Fi cards. The contractor shall establish and maintain a commercial network to support their personnel.

4.3 RTAM IT Support Requirements. The Government shall provide the contractor with Government network access while operating in the Range Management Office. The contractor shall provide six (6) "robust laptop computers*" to run the RMTK software. The RMTK suite of tools requires computers with system specifications that exceed Government network specifications. The contractor shall use the laptop computers in the field and in the office to create Geographic Information System-based products to use in their analysis and for briefings. Additionally, while in remote areas, the contractor shall provide six (6) air cards and the associated internet connectivity to provide products and analysis efficiently.

* A "robust laptop computer" shall have required features as follows:

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 72 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

Processor: Intel Core i7 Processor Quad-Core 2.50GHz+
 RAM: 8 GB SDRAM
 Hard Drive: 750 GB 7200rpm
 Graphics Card: Graphics Card w/ 2GB dedicated RAM, API support for DirectX11, OpenGL 4.1 and OpenCL 1.1
 Connectivity: Ethernet, Wireless LAN 802.11 (a/b/g/n), Bluetooth
 Display Screen: 17"
 Access Ports: USB 3.0, HDMI, SD Card
 Other Devices: Smart Card Reader
 Docking Station
 Web Cam
 Other Software: Microsoft Office Professional
 Adobe Acrobat X

5.0 Facilities, Other Direct Charges (ODCs), and Travel Requirements.

The contractor shall perform work efforts in support of this task order at Government facilities. This task will require the contractor to provide a suitable infrastructure to manage program requirements (document library, databases, web site) throughout the course of performance to support the scope of activities. Laptops, cellular equipment and services, and other items of convenience are not reimbursable as ODCs.

All Government printing requirements MUST be done by or through the local Document Automation and Production Service (DAPS, now called DLA Document Services) <http://www.daps.dla.mil/dapsonline.html>.

SECTION G CONTRACT ADMINISTRATION DATA

252.232-7006 WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JUN 2012)

(a) Definitions. As used in this clause--

Department of Defense Activity Address Code (DoDAAC) is a six position code that uniquely identifies a unit, activity, or organization.

Document type means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

Local processing office (LPO) is the office responsible for payment certification when payment certification is done external to the entitlement system.

(b) Electronic invoicing. The WAWF system is the method to electronically process vendor payment requests and receiving reports, as authorized by DFARS 252.232-7003, Electronic Submission

of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall--

(1) Have a designated electronic business point of contact in the Central Contractor Registration at <https://www.acquisition.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this Web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through

WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>.

(e) WAWF methods of document submission. Document submissions may be via Web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor must use the following information when submitting payment requests and receiving reports in WAWF for this contract/order:

(1) **Document type.** The Contractor shall use the following document type(s).

Invoice 2 in 1

(2) **Inspection/acceptance location.** The Contractor shall select the following inspection/acceptance location(s) in WAWF, as specified by the contracting officer.

TBD

(3) **Document routing.** The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

Field Name in WAWF	Data to be entered in WAWF
Pay Official DoDAAC	M67443
Issue By DoDAAC	M67854

(4) Payment request and supporting documentation. The Contractor shall ensure a payment request includes appropriate contract line item and subline item descriptions of the work performed or supplies delivered, unit price/cost per unit, fee (if applicable), and all relevant back-up documentation, as defined in DFARS Appendix F, (e.g. timesheets) in support of each payment request.

(5) WAWF email notifications. The Contractor shall enter the email address identified below in the "Send Additional Email Notifications" field of WAWF once a document is submitted in the system.

Scott Nelson
scott.nelson@usmc.mil

(g) WAWF point of contact. (1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

Not Applicable

(2) For technical WAWF help, contact the WAWF helpdesk at 866-618-5988.

SECTION H SPECIAL CONTRACT REQUIREMENTS

H.1 Organizational Conflict of Interest (OCI)

Limitation of Future Contracting. The Contracting Officer has determined that this acquisition may give rise to a potential conflict of interest. Prospective Offerors should read FAR Subpart 9.5 -- Organizational and Consultant Conflicts of Interest. This task may involve systems engineering and technical direction for the **TECOM DPME CDET** program that will preclude Contractor involvement in future efforts. The restrictions upon future contracting are as follows:

- If the Contractor, under the terms of this task order, or through the performance of tasks pursuant to this task order, is required to provide systems engineering and technical direction for a system or helps to develop specifications or statements of work to be used in a competitive acquisition, the Contractor shall be ineligible to supply the system or major components of the system as a prime Contractor and shall be precluded from being a Subcontractor or consultant to a supplier of the system or any of its major components under an ensuing Government contract. This restriction shall remain in effect for a reasonable time, sufficient to avoid unfair competitive advantage or potential bias (this time shall in no case be less than the duration of the initial production contract).

To the extent that the work under this contract requires access to proprietary, business confidential, or financial data of other companies, and as long as these data remain proprietary or confidential, the Contractor shall protect the data from unauthorized use and disclosure and agrees not to use it to compete with those other companies.

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes corporations, partnerships, joint ventures, and other business enterprises.

(b) The contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, the contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this contract may create a potential organizational conflict of interest on the instant contract or on a future acquisition. In order to avoid potential conflict of interest, and at the same time to avoid prejudicing the best interest of the government, the right of the contractor to participate in future procurement of equipment and/or services that are the subject of any work under this contract shall be limited as described below in accordance with the requirements of FAR 9.5.

(d)

(1) The contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the government any information provided to the contract by the government during or as a result of performance of this contract. Such information includes, but is not limited to, information submitted to the government on confidential basis by other persons. Further, the prohibition against release of government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the government any information generated or derived during or as a result of performance of this contract. This prohibition shall expire after a period of three years after completion of performance of this contract.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the contractor, any subcontractor, consultant, or employee of the contractor, any joint venture involving the contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the contractor. The terms of paragraph (f) of the Special Contractor Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 97 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

(e) The contractor further agrees that during the performance of this contract and for a period of three years after completion of performance of this contract, the contractor, any affiliate of the contractor, any subcontractor, consultant, or employee of the contractor, any joint venture involving the contractor, any entity into or with which it may subsequently merge or affiliate or any other successor or assign of the contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or as a subcontractor, any system, component or services which is the subject of the work to be performed under this contract. This exclusion does not apply to any re-competition for those systems, components, or services on the basis of work statements growing out of the effort performed under this contract, from a source other than the contractor, subcontractor affiliate, or assign of either, during the course of performance of this contract or before the three year period following completion of this contract has lapsed, the contractor may, with the authorization of the cognizant contracting officer, participate in a subsequent procurement for the same system, component, or service. In other words, the contractor may be authorized to compete for procurement(s) for systems, components or services subsequent to an intervening procurement.

(f) The contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest; it shall make immediate and full disclosure in writing to the contracting officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action, which the contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the contracting officer in making a determination on this matter. Notwithstanding this notification, the government may terminate the contract for the convenience of the government if determined to be in the best interest of the government.

(g) Notwithstanding paragraph (f) above, if the contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this contract or becomes, or should become aware of an organizational conflict or interest after award of this contract and does not make an immediate and full disclosure in writing to the contracting officer, the government may terminate this contract for default.

(h) If the contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the government may terminate this contract by default.

(i) The contracting officer's decision as to the existence or nonexistence of the actual or potential organization conflict of interest shall be final and is not subject to the clause of this contract entitled "DISPUTES" (FAR 52.233.1).

(j) Nothing in this requirement is intended to prohibit or preclude the contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this contract; nor, shall this requirement preclude the contractor from participating in any research and development. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The contractor shall promptly notify the contracting officer, in writing, if it has been tasked to evaluate or advise the government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the government's interest.

(l) The contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in this contract.

(n) Compliance with this requirement is a material requirement of this contract.

H.2 Contractor Support Public Trust Determinations

Per Marine Corps Systems Command Policy Letter 1-09, all Contractor support that require a CAC are required to submit a Standard Form 85P, "Questionnaire for Public Trust Positions," and two copies of DD Form 258 "Applicant Fingerprint Card" to the Command's Security Program office along with a personnel roster of submissions and an addressed Federal Express container addressed to OPM, 1137 Branchton Road, Box 618, Boyers, PA 16018.

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 98 of 102	FINAL
----------------------------------	----------------------------	-------------------	-------

The Contractor is responsible for determining when adjudications have been entered by reviewing the notification status of their respective personnel. Once this has been completed, the Contractor may request the issuance of the CAC using the Contract Verification System (CVS) procedures. However, if issues are discovered, the Department of the Navy, Central Adjudication Facility (DONCAF) will place a "No Determination Made" in the Joint Personnel Adjudication System (JPAS) and forward the investigation to the submitting office for the Government to adjudicate.

SECTION I CONTRACT CLAUSES

THIS TASK ORDER IS ISSUED OFF A SEAPORT MAC WHICH INCLUDES ALL REQUIRED CLAUSES EXCEPT AS FOLLOWS.

52.217-9 -- OPTION TO EXTEND THE TERM OF THE CONTRACT. (MAR 2008)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days prior to completion of the base period; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed five years.

(End of clause)

252.201.7000 – CONTRACTING OFFICER'S REPRESENTATIVE (DEC 1991)

(a) *Definition.* "Contracting officer's representative" means an individual designated in accordance with subsection 201.602-2 of the Defense Federal Acquisition Regulation Supplement and authorized in writing by the contracting officer to perform specific technical or administrative functions.

(b) If the Contracting Officer designates a contracting officer's representative (COR), the Contractor will receive a copy of the written designation. It will specify the extent of the COR's authority to act on behalf of the contracting officer. The COR is not authorized to make any commitments or changes that will affect price, quality, quantity, delivery, or any other term or condition of the contract.

(End of clause)

252.232-7007 LIMITATION OF GOVERNMENT'S OBLIGATION (MAY 2006)

(a) Contract line item(s) [REDACTED] are incrementally funded. For these item(s), the sum of [REDACTED] of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For items(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "TERMINATION FOR THE CONVENIENCE OF THE GOVERNMENT." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up

CONTRACT NO. N00178-06-D-4730	DELIVERY ORDER NO. MU61	PAGE 100 of 102	FINAL
----------------------------------	----------------------------	--------------------	-------

to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause, or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "TERMINATION FOR THE CONVENIENCE OF THE GOVERNMENT".

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraph (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "DEFAULT." The provisions of this clause are limited to work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) or (e) of this clause.

(h) Nothing in this clause affects the right of the Government to this contract pursuant to the clause of this contract entitled "TERMINATION FOR CONVENIENCE OF THE GOVERNMENT."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

Funds in the amount of [REDACTED] for those CLINs incrementally funded, are available upon execution of the contract for the period of performance from [REDACTED] Additional funds will be added to the contract on or before [REDACTED]
[REDACTED]
