## SECTION C DESCRIPTIONS AND SPECIFICATIONS

### Performance Work Statement (PWS)

#### Acquisition Support for Product Manager (PdM) Engineer Systems (ES)

##### Scope

The scope of this effort is to provide Product Manager, Engineer Systems (PdM ES) support in Program Management, Cost Estimation, Acquisition and Business Analyses, Man Power Training Analyses and Services, Logistic Services, Warranty Support for the Route Reconnaissance and Clearance (R2C) Team, Mobility and Countermobility (MCM) Team, Material Handling and Construction Equipment (MH/CE) Team, and the Tier 1 Staff and the Product Manager Engineer Systems.

The specific requirements and associated tasks will enable the Integrated Products Teams (IPTs) to successfully plan and execute acquisition programs in support of validated Marine Corps requirements. Overall outcomes provide required documentation and subject matter expertise needed to attain milestone decisions in accordance with DoD requirements, instructions, and directives. Associated tasks include hosting meetings and reviews (physically, telephonically and virtually), providing meeting minutes, and conducting necessary programmatic, logistic, research and data collection to perform the appropriate support for the PWS requirements.

## 1 Vision Statement

Product Manager (PdM) Engineer Systems (ES) will acquire the systems and equipment needed by multi-capable Marine Air/Ground Task Forces to fight and win our Nation's battles. The PdM will fulfill its unique mission while adhering to Marine Corps values and enduring principles enabling Marines to succeed in uncertain, chaotic and austere environments. The PdMs workforce, processes and solutions will reflect the Corps' reliance on naval deployment, leaner equipment, versatility and innovation. The PdM will equip and sustain the nation's expeditionary "Force of Choice."

### 1.1 Mission

The mission of the program office is to provide resources, mentoring, coaching, processes, and professional development to our customer, which includes Operating Forces, Project Teams, and other organizations, and to add value to processes that enable teams to satisfy customer requirements.

### 1.2 Background

This is a combined effort to facilitate development and staffing of programmatic documentation to Acquisition and Milestone Decision Authorities. The program office is responsible for all technical and business requirements associated with current and future USMC engineer systems and related programs. This includes research and development, testing, procurement, and fielding of combat capabilities; as well as sustainment/modernization of legacy assets. An overview of

the program office and individual programs can be found at <http://www.marcorsyscom.usmc.mil/sites/gtes/pmeng/>. The program office needs assistance in the areas of strategic acquisition planning including identification of compliance issues with acquisition strategies for review/consideration by the government, cost estimation, business case analysis, logistic planning, information assurance, training curriculum development, and programmatic documentation development. The Engineer Systems program management office manages approximately 75 programs of record, with 47 of those in sustainment, plus emerging requirements. It is a fast-paced program office with current and forecasted fiscal constraints as priority realignment occurs within the Marine Corps. Optional deliverables will be utilized to meet the needs of the program office during this period of transition.

## 2 General Requirements

All deliverables shall be submitted to the Contracting Officer's Representative (COR) and the COR is responsible for tracking and acceptance.

Work efforts in support of this PWS will be accomplished at the Contractor's facilities. The Contractor shall provide classified storage and meeting facilities in support of tracking classified requirements, exchange of classified test data, and ad hoc classified requests.

Issuance of Government Common Access Cards (CACs) will be required for all contractor personnel working with For Official Use Only (FOUO) materials. The use of .MIL accounts is required; the contractor shall utilize government provided accounts for transferal of such information. Failure to plan for the lead time to commercially procure DoD-accepted certificates and CAC readers or have employees with CAC access for contractors may result in receipt of a show-cause letter for inability to meet contractual obligations. Having .MIL accounts deactivated for inactivity or other violations of the terms of use agreement for NMCI accounts is also considered not meeting contractual obligations.

The Contractor employees shall identify themselves as Contractor personnel by introducing themselves or being introduced as Contractor personnel and displaying distinguishing badges or other visible identification for meetings with Government personnel. In addition, Contractor personnel shall appropriately identify themselves as Contractor employees in telephone conversations and in formal and informal written correspondence.

The contractor shall report contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract for the United States Marine Corps via a secure data collection site. Contracted services excluded from reporting are based on Product Service Codes (PSCs). The excluded PSCs are:

- (1) W, Lease/Rental of Equipment;

CONTRACT NO. N00178-14-D-7687	DELIVERY ORDER NO. MU61	PAGE 56 of 108	FINAL
----------------------------------	----------------------------	-------------------	-------

(2) X, Lease/Rental of Facilities;

(3) Y, Construction of Structures and Facilities;

(4) S, Utilities ONLY;

(5) V, Freight and Shipping ONLY.

The contractor is required to completely fill in all required data fields using the following web address <https://doncmra.nmci.navy.mil>.

Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk, linked at <https://doncmra.nmci.navy.mil>."

## **2.1 Subcontract Management**

The contractor shall be responsible for any subcontract management necessary to integrate work performed on this requirement and shall be responsible and accountable for subcontractor performance on this requirement. The prime contractor will manage work distribution to ensure there are no Organizational Conflict of Interest (OCI) considerations with its subcontractors. Contractors must obtain approval from the Procuring Contracting Officer (PCO) prior to adding subcontractors.

## **2.2 Location and Hours of Work**

Accomplishment of the results contained in this PWS requires work in the Quantico, VA area and at various contractor, subcontractor, and Government facilities (mainly in the continental United States but includes OCONUS location of Japan). Normal workdays for the Government are Monday through Friday except U.S. Federal Holidays. Workers typically work eight (8) hours per day, 40 hours per week. Flextime workers start not earlier than 0630 and not later than 0900. Core hours of work are from 0900 to 1500 daily for the Government.

## **3 Performance Requirements**

CONTRACT NO. N00178-14-D-7687	DELIVERY ORDER NO. MU61	PAGE 57 of 108	FINAL
----------------------------------	----------------------------	-------------------	-------

The contractor shall perform the specific PWS tasks to the identified performance standards (STD) and at the stated acceptable quality level (AQL). The Government will ensure compliance with the performance standards by surveillance (SURV) of the Contractor's performance and deliverables, which will primarily be the responsibility of the COR.

### **3.1 Product Manager and Tier One Integrated Product Team Support**

#### **3.1.1 The contractor shall develop acquisition documentation.**

3.1.1.1 The contractor shall develop briefs, as per CDRL B010 that outline the program portfolio, explain future plans to stakeholders, and present PdM ES programs to external agencies.

B010 Program Briefs

3.1.1.2 The contractor shall draft In Progress Reviews for the portfolio semi-monthly for each post-FOC program (approximately 47 systems). Briefs will identify program goals and any safety, engineering or logistics concerns that the contractor shall address per CDRL B010 Program Briefs. The contractor shall develop briefs and responses to requests for information.

#### B008 Life Cycle Cost Estimate

3.2.3.3 Per CDRLs B006, B008, B009, the contractor shall update the CARD, Life Cycle Cost Estimate, and Logistics Requirements Funding Summary to support R2C Inc III 3QFY14 and will breakout subsystems as needed and update documents thereafter.

#### B006 Cost Analysis Requirements Document

#### B008 Life Cycle Cost Estimate

#### B009 Logistics Requirements and Funding Summary

3.2.3.4 The contractor shall ensure that all required programmatic sections (per the above references) are documented and vetted through the appropriate Subject Matter Experts (SMEs) within PdM ES. The Contractor shall, in cooperation with the Project Management Team (PMT), develop the ground rules and assumptions that establish the parameters of required documentation. The contractor shall provide supporting documentation with analytic excursions, including phased what-if analysis, CAIV analysis, ongoing risk analysis and inputs relevant to their analysis and conclusions for presentations of findings and results to respective decision-making authorities.

3.2.3.5 The Government Study Director for the LCCEs will be determined by the Assistant Commander for Programs (AC Prog). Cost models shall be accurate providing empirical data researched and analyzed by the contractor. LCCEs will include cost risk and sensitivity under both combined and discrete "what-if" scenarios and cost and schedule drivers. The cost models shall offer appropriate cross-checks for significant cost elements. All cost models will be presented in ACE-IT and Microsoft Excel. The contractor shall identify and obtain approval for use of all inclusive cost, schedule, performance, and technology driven elements (including the Work Breakdown Structure (WBS)/Cost Element Structure (CES), logical impacts and associated risks from the AC Prog representative.

## **4 Special Requirements**

This section describes the special requirements for this effort. The following sub-sections provide details of various considerations on this effort.

### **4.1 Security and Safety**

All U.S. contractors (including subcontractors) shall supplement their current security practices by requiring any personnel involved in executing this contract where critical program information (CPI) has been identified shall protect the CPI to the standards articulated in the Program Protection Plan and in accordance with DoDI 5200.39 and DoD 5200.39-M. Upon contract award, all identified U.S. contractors (including subcontractors) shall acknowledge and meet the requirements stated by the Program Manager for the protection of CPI. The U.S. contractor must immediately notify the U.S. Government upon the discovery of any nonconformance with CPI protection.

This contract will require the contractor to have a Secret Facility Clearance and will require contractors to obtain and maintain classified access eligibility. The contractor shall have a valid Secret Facility Clearance and a Secret Document Safeguarding Level prior to classified performance at the contractor's facility. The prime contractor and all sub-contractors (through the prime contractor) shall adhere to all aspects of DoD Directive 5220.22-M. All personnel identified to perform on this contract shall maintain compliance with Department of Defense,

CONTRACT NO. N00178-14-D-7687	DELIVERY ORDER NO. MU61	PAGE 83 of 108	FINAL
----------------------------------	----------------------------	-------------------	-------

Department of the Navy, and Marine Corps Information and Personnel Security Policy to include completed background investigations (as required) prior to classified performance. This contract shall include a DoD Contract Security Classification Specification (DD Form 254) as an attachment. The contractor shall notify the Government (written notice) within twenty-four hours of any contractor personnel added or removed from the contract that have been granted classified access, issued a Common Access Card and/or MarCorSysCom Building access.

Common Access Cards (CACs) will only be issued to those contractors supporting this contract that have been authorized by the COR. The COR will only authorize CACs for those contractors that meet current Homeland Security Presidential Directive – 12 (HSPD-12) criteria and have a definitive requirement. CACs are not issued for convenience.

#### **4.2 Government Furnished Materials**

None.

#### **5 Deliverables**

The contractor shall provide deliverables as described in the task order. Deliverables shall be specified by the government. Format and delivery schedule for deliverables shall be outlined in CDRLs and/or other means.

## SECTION G CONTRACT ADMINISTRATION DATA

### WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (MAY 2013)

(a) *Definitions.* As used in this clause—

“Department of Defense Activity Address Code (DoDAAC)” is a six position code that uniquely identifies a unit, activity, or organization.

“Document type” means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

“Local processing office (LPO)” is the office responsible for payment certification when payment certification is done external to the entitlement system.

(b) *Electronic invoicing.* The WAWF system is the method to electronically process vendor payment requests and receiving reports, as authorized by DFARS 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall—

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.acquisition.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the “Web Based Training” link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor must use the following information when submitting payment requests and receiving reports in WAWF for this contract/order:

(1) *Document type.* The Contractor shall use the following document type(s).

---

*(Contracting Officer: Insert applicable document type(s).)*

*Note: If a “Combo” document type is identified but not supportable by the Contractor’s business systems, an “Invoice” (stand-alone) and “Receiving Report” (stand-alone) document type may be used instead.)*

(2) *Inspection/acceptance location.* The Contractor shall select the following inspection/acceptance location(s) in WAWF, as specified by the contracting officer.

---

*(Contracting Officer: Insert inspection and acceptance locations or “Not applicable.”)*

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

## SECTION H SPECIAL CONTRACT REQUIREMENTS

### SECTION H. SPECIAL CONTRACT PROVISIONS.

#### H.1 Contracting Officer's Representative (COR)

The Contracting Officer has designated a Contracting Officer's Representative in accordance with DFARS 201.602-2 (2). The COR is not authorized to negotiate changes, direct the contractor, or obligate the Government. The COR for this task order is:

All Contract Data Requirements List (CDRL) deliverables are to be submitted to the COR, and the COR is responsible for tracking and acceptance.

#### H. 2 Identification of Contractor Employees

Contractor employees shall identify themselves as contractor personnel by introducing themselves or being introduced as contractor personnel and displaying distinguishing badges or other visible identification for meetings with Government personnel. In addition contractor personnel shall appropriately identify themselves as contractor employees in telephone conversations and in formal and informal written correspondence.

#### H.3 Organizational Conflict of Interest (OCI)

Limitation of Future Contracting. The Contracting Officer has determined that this acquisition may give rise to a potential conflict of interest. Prospective Offerors should read FAR Subpart 9.5 -- Organizational and Consultant Conflicts of Interest. This task may involve systems engineering and technical direction for the PdM Engineer Systems (ES) program that will preclude Contractor involvement in future efforts. The restrictions upon future contracting are as follows:

- If the Contractor, under the terms of this task order, or through the performance of tasks pursuant to this task order, is required to provide systems engineering and technical direction for a system or helps to develop specifications or statements of work to be used in a competitive acquisition, the Contractor shall be ineligible to supply the system or major components of the system as a prime Contractor and shall be precluded from being a Subcontractor or consultant to a supplier of the system or any of its major components under an ensuing Government contract. This restriction shall remain in effect for a reasonable time, sufficient to avoid unfair competitive advantage or potential bias (this time shall in no case be less than the duration of the initial production contract).

To the extent that the work under this contract requires access to proprietary, business confidential, or financial data of other companies, and as long as these data remain proprietary or confidential, the Contractor shall protect the data from unauthorized use and disclosure and agrees not to use it to compete with those other companies.

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes corporations, partnerships, joint ventures, and other business enterprises.

(b) The contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, the contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this contract may create a potential organizational conflict of interest on the instant contract or on a future acquisition. In order to avoid potential conflict of interest, and at the same time to avoid prejudicing the best interest of the government, the right of the contractor to participate in future procurement of equipment and/or services that are the subject of any work under this contract shall be limited as described below in accordance with the requirements of FAR 9.5.

----------------------------------	----------------------------	--------------------	-------

(d)

(1) The contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the government any information provided to the contract by the government during or as a result of performance of this contract. Such information includes, but is not limited to, information submitted to the government on confidential basis by other persons. Further, the prohibition against release of government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure or any party outside the government any information generated or derived during or as a result of performance of this contract. This prohibition shall expire after a period of three years after completion of performance of this contract.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the contractor, any subcontractor, consultant, or employee of the contractor, any joint venture involving the contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the contractor. The terms of paragraph (f) of the Special Contractor Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

(e) The contractor further agrees that during the performance of this contract and for a period of three years after completion of performance of this contract, the contractor, any affiliate of the contractor, any subcontractor, consultant, or employee of the contractor, any joint venture involving the contractor, any entity into or with which it may subsequently merge or affiliate or any other successor or assign of the contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or as a subcontractor, any system, component or services which is the subject of the work to be performed under this contract. This exclusion does not apply to any re-competition for those systems, components, or services on the basis of work statements growing out of the effort performed under this contract, from a source other than the contractor, subcontractor affiliate, or assign of either, during the course of performance of this contract or before the three year period following completion of this contract has lapsed, the contractor may, with the authorization of the cognizant contracting officer, participate in a subsequent procurement for the same system, component, or service. In other words, the contractor may be authorized to compete for procurement(s) for systems, components or services subsequent to an intervening procurement.

(f) The contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest; it shall make immediate and full disclosure in writing to the contracting officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action, which the contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the contracting officer in making a determination on this matter. Notwithstanding this notification, the government may terminate the contract for the convenience of the government if determined to be in the best interest of the government.

(g) Notwithstanding paragraph (f) above, if the contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this contract or becomes, or should become aware of an organizational conflict or interest after award of this contract and does not make an immediate and full disclosure in writing to the contracting officer, the government may terminate this contract for default.

(h) If the contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the government may terminate this contract by default.

(i) The contracting officer's decision as to the existence or nonexistence of the actual or potential organization conflict of interest shall be final and is not subject to the clause of this contract entitled "DISPUTES" (FAR 52.233.1).

(j) Nothing in this requirement is intended to prohibit or preclude the contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this contract; nor, shall this requirement preclude the contractor from participating in any research and development. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The contractor shall promptly notify the contracting officer, in writing, if it has been tasked to evaluate or advise

the government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the government's interest.

- (l) The contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contactor" where appropriate.
- (m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in this contract.
- (n) Compliance with this requirement is a material requirement of this contract.

#### **H.4 Contractor Support Public Trust Determinations**

Per Marine Corps Systems Command Policy Letter 1-09, all Contractor support that require a CAC are required to submit a Standard Form 85P, "Questionnaire for Public Trust Positions," and two copies of DD Form 258 "Applicant Fingerprint Card" to the Command's Security Program office along with a personnel roster of submissions and an addressed Federal Express container addressed to OPM, 1137 Branchton Road, Box 618, Boyers, PA 16018.

The Contractor is responsible for determining when adjudications have been entered by reviewing the notification status of their respective personnel. Once this has been completed, the Contractor may request the issuance of the CAC using the Contract Verification System (CVS) procedures. However, if issues are discovered, the Department of the Navy, Central Adjudication Facility (DONCAF) will place a "No Determination Made" in the Joint Personnel Adjudication System (JPAS) and forward the investigation to the submitting office for the Government to adjudicate.

#### **H. 5 Post Award Conference**

Within 30 days of the start of performance, the awardee shall organize a Post Award Conference to be attended by the Contracting Officer, COR and contractor personnel to reconcile performance requirements including: detailed WBS, 30-day staffing plan, use of team members/subcontractors, security requirements, funding and management of funds, and quality control measures in response to the STD, AQL and SURV requirements in PWS.
